TEXAS ONCOLOGY FOUNDATION PRESENTS
SURVIVE & THRIVE WEBINAR SERIES

EMBRACING LIFE after a cancer diagnosis

Connect with others whose lives have been affected by cancer

The Survive & Thrive Webinar Series focuses on survivorship skills and wellness issues for cancer survivors, loved ones and caregivers.

Webinar Speaker:

Erin Lampson, MD, specializes in Pediatric Hematology Oncology at Texas Oncology – Medical City Dallas. Dr. Lampson has a special interest in childhood cancer survivorship and the neurocognitive late effects of treatment. Her research focus is to better understand the influence of genetic polymorphisms or cognitive outcome following treatment for childhood leukemia. Dr. Lampson seeks to provide the best possible care to childhood cancer survivors by educating patients and families on preventative health strategies, as well as providing the recommended medical screening recommended by the Children's Oncology Group.
