

WHAT IS VIRTUAL CARE? AND HOW IT HELPS IN MY CANCER JOURNEY

LIVE SESSION: TUESDAY, SEPTEMBER 27 • 11:00AM (CST)

Virtual Care is any type of remote care delivery. From telemedicine, to symptom surveys, to online support groups – Virtual Care is an amazing tool for cancer patients. Cancer patients are uniquely immune compromised and Virtual Care tools offer easy and safe access to care when and where you need it. Learn how to use Virtual Care to support you through every stage of your cancer journey.
